The Racing Line and Tips for a Great Lap

Tips for good kart driving:

- Focus hard, pay attention to lights/flags
- First warm up the tyres
- Learn the kart's handling characteristics
- Build speed slowly over a few laps
- Steer smoothly
- Easy on the brakes
- Limit sliding around corners
- Don't hit the barriers or anyone else
- Be aware of other drivers
- Do not use both pedals at the same time
- Look through the corner and plan for the next
- Wide into the corners
- Focus on the apex of the corner
- Feed in the power smoothly on exit
